THE PROBLEMS

Current communication and management at the Athlete Club rely on outdated, inefficient methods that cause delays, confusion, and wasted resources.

Outdated Communication

01

Members still receive paper notifications (slow, inconvenient, can be missed).

Scattered Information

02

Schedules, announcements, and updates are spread across multiple sources.

underserved Medical Role

03

Doctors mostly wait to be approached, leaving many health issues unnoticed.

MEET THE TEAM

YOUSSEF BASSIONY

Full Data Science Pipeline End-to-end with Python and Power BI.

scalable solutions for full-stack web applications using PHP, Java, JS, sql and Python.

Contribution

Chat System in all users

schedule in all users

Admin User

WHAT'S THE SOLUTION?

Modern Communication

01

Moving beyond paper with instant digital updates.

Centralized System

02

All schedules, announcements, and health info in one place.

Active Health Management

03

Doctors get tools for checkups, injury tracking, and follow-ups.

MODERN ATTENDANCE SYSTEM

Coaches gain reliable attendance records and participation stats, helping them track player commitment and plan training sessions more effectively.

SCHEDULE TRACKING

The scheduling system allows coaches to plan training sessions and matches with ease, instantly updating players so they always know what's ahead.

This keeps everyone aligned and reduces the chance of conflicts or miscommunication.

Good morning, Doctor. I think I need a check-up after training yesterday
8:23 PM

Morning! Sure, come to the medical clinic3 at 6AM
8:27 PM

Tell me what happened. Did you feel sudden pain or gradual discomfort?
8:27 PM

I felt a sharp pull in the back of my left thigh while sprinting.
8:28 PM

Okay, I'll examine the leg. I'll test your range of motion at Clinic3
8:30 PM

Alright I will be there.
8:31 PM

Type your message...

TECHNICAL SUPPORT CHAT

Enhances customer engagement and trust through real-time support, increases conversions by reducing drop-offs, ensures 24/7 availability, lowers costs with a free yet powerful tool, provides valuable customer insights, and creates a strong competitive advantage.

Technical support side

Boosts engagement, increases conversions, ensures 24/7 support, reduces costs, provides insights, and gives a competitive edge.

user side chat

Get instant support anytime, quick answers without waiting, personalized experience, and a smoother, more trusted journey on the website.

FUTURE FEATURES

Technical Side

01

time-series prediction of player performance:

Use LSTMs/Transformers on sequential player data (training load, GPS, recovery) to forecast performance trends.

02

Data Integration and Automation

- Automatic data collection from GPS, wearables, and training apps.
- Cloud-based storage with real-time sync

03

Scalability and Expansion

API integrations with external tools (CRM, scouting platforms).

Business View

01

Outreach for system

Promote the system via LinkedIn and target sports clubs currently without a management system."

02

Data Integration and Automation

Saves time, ensures accurate player insights, and supports better training decisions.

03

Scalability and Expansion

Provides instant access, smooth collaboration, and secure data storage.
